MHCA announces new directors; welcomes Ericka Saucier to its board

EAGLE LAKE, Maine (Oct. 11, 2024) – The Maine Health Care Association, which had its annual membership meeting on Sept. 26, formally announced in an email on Thursday that three people have been newly appointed to its Board of Directors. The nonprofit trade association represents 200 nursing homes and assisted living/residential care facilities in the state, according to its website.

One of those new directors is Northern Maine General's Ericka Saucier, whose bio was included. It read:

"Ericka Saucier is the Administrator of Mercy Home located in Eagle Lake, ME. She has been a multi-level Nursing Home Administrator for over a year, but her experience in the geriatric field is over 13 years. Ericka has worked her way from the ground up having been a Certified Nursing Assistant, Social Worker, and an Activities Director for multiple different levels of care. She completed a bachelor's degree in behavioral science and a master's degree in social work. With these vast experiences, her priority now as an Administrator are the residents' quality of care and being treated with dignity and respect. From support groups to coordinating the Walk to End Alzheimer's, she is committed to meeting the challenges in long-term care."

"This is not only a great professional opportunity for Ericka, but also, a win for NMG," said NMG CEO Michelle Raymond in an email to her employees on Sept. 26. "It's wonderful to have an NMG employee on a state-level board, especially during these trying financial times."

#

Northern Maine General is a nonprofit social services organization serving Aroostook County, with business offices in Eagle Lake and Caribou. Founded in 1907, NMG provides long-term care, rehabilitation, home and community supports, behavioral health services, case management, and consultation services and resources. Contracted services include subsidized apartments.

Our mission is to provide individuals with the highest standard of care and help all of the people we serve enjoy life to the fullest potential.
